

CoTESOL 41st Annual Fall Convention Launching the Future, Reaching the Stars

November 3 & 4, 2017 ~ Radisson Hotel Denver Southeast

SUGGESTIONS FOR PRESENTATION TOPICS

- Innovative approaches to teaching and specific teaching techniques or resources that you have found to be effective
- Understanding, evaluating, and using new and not-so-new technologies to improve teaching and student learning (for example, blended learning, online, clickers, or LMS/CMS)
- Research on TESOL-related issues including second language acquisition, applied linguistics, teaching, student learning, and cultural and community issues
- Multi-cultural issues such as working with students with limited or interrupted education, developing partnerships with communities, and accommodating those with special needs
- Political issues, demographic trends, and policy changes that affect our students and our work, particularly as they apply to Colorado
- Issues, ideas, and concerns related to your special interest group or to the context in which you work (K-12, community colleges, adult education, teacher education, administration, and so forth)
- Skills helpful to your colleagues in their day-to-day work (doing peer observations, producing a newsletter, utilizing videos for teaching, and so forth)

All presenters will receive a \$10 discount on their convention registration fees. This is CoTESOL's way of showing its appreciation for your support of ESL professional development. To get the discount, enter this online presenter code: [presenter](#).
